

TECHNICAL DATA

Summary	
Body Style	SWB - EV
Transmission	Auto
Gears	1
CO2 Emissions (g/km)	0
Drive (FWD/RWD)	RWD

Engine	
Fuel Type	Battery EV
BHP	136
Battery Capacity (kWh)	65
Maximum Charge Capacity (kWh)	125
Electric Range in miles*	206
Charge time AC**	10
Charge time DC (Rapid Charge)**	39 mins

DIMENSIONS

External	
Wheelbase (mm)	3100
Length (mm)	5050
Width inc Mirrors (mm)	2275
Height (mm)	1959

Weights(kg)	
GWW	3225
Kerb Weight***	2159
GTW	5195
Payload	1066

Internal	
Length (mm)	2602
Width (mm)	1777
Load width between arches (mm)	1392
Height (mm)	1427
Rear Aperture Height (mm)	1316
Rear Load Floor Height (mm)	585
Cubic Capacity (m3)	5.8

Other Key Features

Seating	3
Warranty (Years)	3
Mileage (k)	100

DAWSONGROUP STANDARD SPECIFICATION

- Air conditioning
- Bluetooth
- DAB digital radio
- Android Auto

- Reverse parking aid
- Front parking aid
- Dual Side Load Doors
- Power Door Deadlocks
- Partial body coloured bumpers

* Electric range figures will depend on variations in weather, driving styles, vehicle load and other factors - please refer to manufacturers website for full info. ** Charging times are subject to the power available at the location where the vehicle will be charged as well as factors such as temperature and cable type used. DC Rapid Charge time based on 80% charge at 80 kWh, AC charge time based on 7.4 kWh.*** Kerb weight does not take into consideration the driver or passengers.

At Dawsongroup vans, our primary aim is to help keep your business moving 365 days a year. We pride ourselves on the unrivalled service we deliver to our customers, backed by a fantastic vehicle selection and a range of competitive finance options.

Our team of experienced LCV experts are on hand to help find you the perfect fleet solutions for your business. Whether you're looking for flexible rental to cater for planned or unplanned seasonal demands, or fixed term rental options to get the most from your fleet resource, whichever solution you choose, our **Smarter Asset Strategy** will ensure the assets in your organisation earn you money every working hour of every day.

Maintenance made easy

As a company renowned for the service levels we provide our customers, we do all we can to keep your vehicles on the road earning you money. If your vehicle ever requires unplanned maintenance, from new brake discs to a replacement tyre, we are here to help. We make repairs and maintenance as convenient as possible with our extensive network of maintenance partners, and our on-site workshops.

Extensive Support Network

With 13 conveniently-located UK sites, you're never far from our expert team. These strategically placed sites across the UK allow us to offer convenient service support to all of our customers and maximise uptime for your business.

Servicing to suit you

Our aim is to make servicing your vehicle as simple as possible, so you can keep your business moving. Our network of over 5,000 mobile and workshop-based service partners will complete the service at a time and place that is convenient to you, so there is minimum disruption and downtime for your business.

Leading the charge towards Net Zero

The journey to net zero is one that everyone must embark on sooner rather than later. Dawsongroup | vans are leading the charge and have a dedicated team of net zero advisors, Team Target Zero, to assist customers and suppliers on their own fleet's route to net zero. We will offer honest and up-front advice to recommend a sustainable and practical solution for transitioning to a net zero fleet.
